MONTH 30

Get ready I ask a lot of
"**WHAT?**" and "**WHERE?**"
questions

Listen I now say
phrases of 3-4 words

Even better others understand me 50% of the time
Because I speak using pronouns (I, me, you)

I know how to wash and dry my hands

I keep my teeth clean with help
using my brush

Getting dressed is getting easier and I can pull
my pants up with assistance

MONTH **30**

Signs to monitor or report to your doctor, if your child:

Does not engage in pretend play

Doesn't speak or can make vowel sounds but no consonants or words

Doesn't recognize simple emotions (happy, sad) in others
